EXAM: Sun Certified Enterprise Architect for J2EE 5, Part 3

SERIES: 062

This exam will be assessed with the programming assignment that you have already submitted to the Sun Microsystems Certification database. Both this exam and the programming assignment will be assessed together by an independent third party, and will take approximately 4 - 6 weeks to complete.

You may view your results in the Sun Certification database -- www.certmanager.net/sun □ approximately 4 - 6 weeks after completing your assignment and essay exams.

You will be able to contact the Sun Microsystems Certification department through the Help Request screen of the database should you have any questions.

To help you further your growth and achievement in the Java language, Sun Educational Services offers a wide variety of instructor-led training (ILT), web-based training, and media-based training that can help you prepare for future certification examinations. You can find information on these offerings, as well as further information on certification examinations online at the Sun Educational Services Web site at: http://suned.sun.com/US/certification/.

Prometric thanks you for taking a Sun Microsystems Certification Test at an Authorized Prometric Testing Center. **Important Note**: In order to aid processing of Sun certification materials, please verify your name on this score report (as it will appear exactly as spelled on your certificate) **and** your address as shown on this score report for all certification material delivery and correspondence. For address changes or name spelling corrections, please email the corrections to SunCert@Prometric.com and our customer service representative will make the requested change.

Notice Any Cheating?
Dear Test Candidate: In the event that you notice any other candidates cheating during your test session, or misconduct by a test center employee, please report your observations to the email address below.
Thank you very much for your help!

Dear Dapeng,

Congratulations on becoming a Sun Certified Enterprise Architect for the Java Platform, EE 5! By successfully meeting all requirements in this accreditation track, you have joined an elite group of Sun Certified Professionals who have demonstrated a commitment to excellence using Sun's leading technologies.

In recognition of your accomplishment, we are proud to award you the enclosed Sun Certified certificate. We not only encourage you to display this as a symbol of your hard work and proof of your technical expertise, but to also include the logo on your business card and/or resume for added credibility.

It is important that we remain in contact with you to keep you up to date with what's going on in the Sun Certification community, and provide you with information that may affect your certification. Please note that all communications will be sent to you at the email address that is included in your Sun profile at www.certmanager.net/sun. You will also be able to track your certification progress, publish your certification to a 3rd party and download logos on this site.

Congratulations on your achievement and best wishes for your continued success.

Sincerely,

Gary Fluitt
Sun Certification Manager
